

Hug Your Kids Today! 5 Key Lessons for Every Working Parent

This book is for professional working parents with school-aged children. It focuses on five key lessons about working, parenting and life that author Michelle Nichols learned in the last 10 years since the sudden death of her son, Mark, at age 8 ½ years old from brain cancer. She challenges the idea of work-life balance and instead, recommends family first and work a close second. The lessons include the importance of hugs, seeing the positive, laughter, faith, and daily hugs. Readers have said the book made them laugh, cry and think. Ms. Nichols is a former sales columnist for BusinessWeek.com.
