

## Big and Bodacious Insights from a Crazy Fat Chick

# Big and Bodacious Insights from a Crazy Fat Chick

By: **Kim McKoy**  
of  
**2 Big Women On A Couch**

The oppression of overweight women is looked at seriously, but with sharp, biting, and twisted humor. Suggestions for going beyond just coping are offered. The book intends to inspire an attitude in many women to leave their hurts of the past behind and start living in a healthy, big, and bodacious way. Reflecting on the people and circumstances that generally contribute to womens issues with weight, self image, and self esteem, readers are guided through a blast from the past look at the early years to adulthood with humorous vignettes. Nothing is left untouched from the effects of sexism, the media, skinny peoples attitudes, eating disorders, pregnancy and weight, and much more. Suggestions are offered on how to cope with, and even rise above, the bombardment of external and internal factors that make being overweight a challenge even beyond the known health concerns. Encouragement to be healthy while not comprising ones individuality is underscored.
