

Cotton Carding and Spinning Handbook

Here is the 128 pg 1st Edition of the privately owned soft cover from Textile World and the McGraw-Hill Publishing Co., and copyrighted 1937. The book is a compilation from various contributors including: Horace Pratt, A.K. Landau, Robert Burgess, Richard White, Tom Wood, Charles Weston and L.L. Kingsford. It is chocked full of content info, mill reference data and helpful devices section. The book also includes many nice b/w pix, drawings, charts and tables as illustration for the text. The book has a bit of light foxing, rub and corner/edge wear to the gingham blue covers, yet they remain overall very presentable and intact. Inside, there is light foxing to the front end page/1st page, but otherwise the pages are overall clean, tear free and the binding is sound.
