

## Fleishers Knitting & Crocheting Manual #21 c.1924

112 Pages. A wonderful collection of dozens and dozens of classic 1920s flapper era fashions that are just as fabulous as they were nearly 100 years ago. Most of the designs here are in knitting and for women, however there are also some beautiful designs for men and children. The garments include sweaters, coats, dresses hats, scarves, socks and stockings and warm and some cosy crocheted items for infants. Also included are beautifully photographed diagrams of stitches and the instructions to make them, as well as the full patterns for all of the items shown. This is an excellent collection of designs from the timeless Gatsby era!
