

How to Transform from Failure to Success: How to become successful, How to start a business

Most people never succeed because they are scared to fail so they look for security, by this I mean your not happy with what you do with your life. Your not living the life you always dreamed of because your afraid to chase that dream or maybe you do not know how or where to start. Most people look for security because its your natural instinct, youve always been told to do this and do that, so you can get a good job, with great benefits, and support your family, but I ask you this why would you ever want to work so hard for someone else success? You will never own this your working so hard for, you can never pass it on to your children or family, so I ask you why? why are you working so hard for something you can lose in the blank of an eye. Are you afraid to fail? if you never face your fear you can never thrive.
