

## Fashions For Small Dolls

Filled with patterns by well-known designer Rosemarie Ionker, this book shows you how to create one-of-a-kind wardrobes for a variety of dolls ranging from seven to twelve inches tall -- dolls as diverse as Vogues Ginny, Wendy Lawtons Mary Anne, Helen Kishs Tulah and Avery, and Robert Tonners Linda. They and a host of other delightful dolls model the many outfits the author has made from these patterns. The distinguished German designer shares her techniques for creating an entire wardrobe from her basic patterns. She shows you how to adjust the patterns for many of the dolls in your collection. She also provides information on smocking, embroidery and special trims.
