

Peacock Chain Earrings Chain Maille & Jewelry Making Tutorial Series T110

Here's a very simple and beginner tutorial for earrings. With colorful flat beads, dangling from little jump rings, we've named it Peacock Chain Earrings. In this tutorial by XQ Designs, you will learn the proper way how to open and close jump rings, and also learn how to attach or connect jump rings. Once you've learned the basics of opening and closing jump rings, you can use this technique in creating numerous chain or chainmaille and different designs of jewelry. The tutorial is catered to beginner or anyone who loves to learn this basic weave. It has in-depth instructions and ultra-clear, close-up photos at each step. Additionally, you can ask me a question you have on the tutorial. No more getting stuck and frustrated on a confusing or just plain inaccurate pattern.
