

## Pet Shop of Horrors, Vol. 6

When Peruvian terrorists abduct Count D and Detective Orcot, they find themselves bound, gagged and held at gunpoint deep in the jungles of South America. With one chance at survival, Leon has no choice but to put his faith in Count D-- and as usual, Count D and his exotic pets have a way of changing a persons life for better or worse. Whether its a boys pet that delivers a Christmas surprise or a pet that provides a struggling musician with some off-key inspiration, you can be sure that the counts magic comes with a price.
