

Soldier Training Publication STP 9-63A14-SM-TG Soldiers Manual and Trainers Guide MOS 63A Abrams Tank System Maintainer Skill Levels 1, 2, 3, and 4 June 2009

This Soldier Training Publication (STP) is intended for Soldiers holding military occupational specialty (MOS) 63A, skill levels (SLs) 1, 2, 3, and 4, their supervisors, trainers, and commanders. It contains an MOS Training Plan providing information needed to plan, conduct, and evaluate unit training; one of the most important jobs of military leaders. It includes standardized training objectives in the form of task summaries that can be used to train and evaluate Soldiers on critical tasks supporting unit missions during wartime. Soldiers holding MOS 63A should have access to this publication. Trainers and first line supervisors should actively plan for Soldiers access, making it available in work areas, unit learning centers, and unit libraries. However, it is not intended for an individual copy to be provided to each MOS holder. The STP is obtainable on line from the Reimer Digital Library (RDL). Tasks in this manual apply to Active Army, the Army National Guard (ARNG)/Army National Guard of the United States (ARNGUS), and the United States Army Reserve (USAR) unless otherwise stated. The proponent of this publication is the United States Army Training and Doctrine Command (TRADOC).
