

China Public Finance Development Report 2007 (Chinese Edition)

This book is one of China Academy of Social Sciences Finance and Economics Strategy Research Institute Reports and the 2007 report of China public finance development issued by China Academy of Social Sciences Finance and Economics Strategy Research Institute. This book unites with the national condition of China characteristic socialism, starts with the theory and evolution of public finance development and from the requirement of public finance development, and sets up the evaluation index system of China public finance development. It systematically evaluates the status of China public finance development and can be also used for the follow-up analysis on China public finance development. This book is not only edited by national first-class research scholars and guided and supported by leaders of the Ministry of Finance and the China Academy of Social Sciences but also contains well-designed professional questionnaire and detailed evaluation index system of professional information survey company, quite authoritative and reliable in results and conclusions.
